**Subject** Nursing Facility Payment Rates

**Authors** Lien and Marquart

## Overview

This bill modifies the external fixed costs portion of the nursing facility payment rates by creating an add-on for certain border city facilities. Under current law, there is an exemption to the operating payment rate for a facility in Breckenridge. That provision is repealed in this bill and the Breckenridge facility is included in the new add-on in external fixed costs.

The Medical Assistance (MA) program reimburses nursing facilities for services provided to low-income elderly and disabled persons who meet income and asset limits and other eligibility requirements. The Minnesota Department of Human Services (DHS) administers the MA reimbursement system for nursing facilities and establishes the reimbursement rates for each facility.

MA reimburses nursing facilities for operating costs, external fixed costs, and property costs.
