Overview

This bill recodifies the elderly waiver program statutes (article 1) and makes conforming changes (article 2).

Laws 2017 First Special Session chapter 6, article 3, section 50, instructed the Revisor of Statutes, in consultation with the House Research Department; Office of Senate Counsel, Research, and Fiscal Analysis; and Department of Human Services (DHS) to recodify laws governing the elderly waiver program.

Given the complexity of the elderly waiver program language, staff decided to accomplish the recodification by moving the elderly waiver language out of Minnesota Statutes, chapter 256B, and into a new chapter 256S.

Nonpartisan staff have reorganized the elderly waiver program language for clarity and ease of use, removed obsolete language, used consistent terminology, defined previously undefined terms, and redrafted language for clarity and consistency.

The language in this bill is not intended to change existing policy or to have a fiscal impact.
