

Subject Disposal of unclaimed medications

Authors Huot and others

Analyst Cristina Parra

Date February 18, 2019

Overview

This bill amends requirements for transport of unclaimed drugs or medicines stored at schools. The bill requires school districts to adopt a procedure for transporting unclaimed drugs or medicines, and imposes stricter requirements on transport of controlled substances.

Summary

Section	Description
1	<p>Administration of drugs and medicine; applicability.</p> <p>Requires the parent of a student to whom school personnel administer drugs or medicine at a parent's request or based on an IEP, to inform the school if the drug or medicine is a controlled substance. If the drug or medicine is not a controlled substance, the request must authorize the school district to transport the drug or medicine for purposes of destroying the unused drug or medication. If the drug or medicine is a controlled substance, the request must specify that the parent must retrieve the drug when requested by the school.</p>
2	<p>Administration of drugs and medicine; unclaimed drugs or medications.</p> <p>(a) Requires a school district to adopt a procedure to collect and transport unclaimed or abandoned prescription drugs or over-the-counter medications left with school personnel. The district must make a reasonable attempt to return the unused drug to the student's parent. The district's procedure must provide for at least annual transportation of unclaimed drugs.</p> <p>(b) Allows a school district to designate an individual to transport unclaimed drugs that are not controlled substances or are over-the-counter medications to a designated drop-off box or collection site, or to request that a law enforcement agency transport the drugs to a drop-off box or collection site on behalf of the district.</p> <p>(c) Prohibits a school district or school personnel from transporting unclaimed drugs that are controlled substances to a drop-off box or collection site. Requires a district to request that a law enforcement agency transport the drug to a</p>
