

Subject Use of epinephrine auto-injectors by authorized individuals

Authors Davids

Analyst Elisabeth Klarqvist

Date March 18, 2019

Overview

This bill authorizes individuals who complete an anaphylaxis training program to possess, provide, and administer epinephrine auto-injectors to persons believed to be experiencing anaphylaxis and extends the good samaritan immunity from liability to these individuals.

Summary

Section	Description
1	<p>Epinephrine auto-injector. Amends § 144.999.</p> <p>Subd. 1. Definitions. Adds a definition of authorized individual for this section, to mean an individual who completes the anaphylaxis training program in this section. Amends the definition of epinephrine auto-injector to include another delivery system, besides a single-use device that automatically injects a premeasured dose of epinephrine into the human body, that is approved by the Food and Drug Administration.</p> <p>Subd. 2. Commissioner duties. No changes.</p> <p>Subd. 3. Obtaining and storing epinephrine auto-injectors. Allows an authorized individual to obtain epinephrine auto-injectors from pharmacies, upon presentation of a certificate of training; and to possess them. Makes the authorized individual responsible for storing, maintaining, and control of the auto-injectors.</p> <p>Subd. 4. Use of epinephrine auto-injectors. Allows an authorized individual to provide an auto-injector for immediate administration, or to use it to administer epinephrine, if the individual believes in good faith that a person is experiencing anaphylaxis. Provides that an authorized individual is not required to maintain a stock of auto-injectors.</p> <p>Subd. 5. Training. No changes.</p>

Section	Description
	<p>Subd. 6. Good samaritan protections. Includes the following in the good samaritan immunity from general liability: authorized individuals who possess, make available, and administer epinephrine auto-injectors; and pharmacies or manufacturers that dispense epinephrine auto-injectors to authorized individuals.</p>
