Date March 2, 2020

Overview

The Network for the Development of Children of African Descent (NdCAD) is a family education center offering a variety of literacy and cultural enrichment programs and services for children, youth, and adults.

H.F. 3736 proposes a grant of an unspecified amount for the NdCAD to expand culturally based programming to support literacy-based education and family stabilization. The grant must be used to expand programs in the seven-county metropolitan area and to allow the model to be scaled or replicated in two geographic areas in greater Minnesota.

Summary

| Section | Description |
|---------|-------------|
|---------|-------------|

- | | |
|---|--|
| 1 | Appropriation; Network for the Development of Children of African Descent. Appropriates an unspecified amount from the general fund to the commissioner of education for a grant to the Network for the Development of Children of African Descent for enhanced programming. |
