

**H.F. 782**

With author's amendment (H0782A1)

**Subject** School bus inspections**Authors** Frederick**Analyst** Matt Burress (matt.burress@house.mn)**Date** March 11, 2021**Summary**

This bill, as proposed to be amended by the H0782A1 amendment, would codify school bus inspection standards, clarify procedures such as placement of inspection stickers, and eliminate administrative rules on the topic. As part of the changes, a point deduction system in rule is removed and inspections are instead based on vehicle standards and specifications developed by a national organization for pupil transportation standards (which is composed of state, school district, and industry representatives).
