Section Description – Article 2: Higher Education Provisions

1 Transcript access.

Creates a new statute prohibiting schools from attaching transcript release to payment of student debts.

Subd. 1. Definitions. Defines the following terms for this section: “debt,” “school,” and “transcript.” Under the subdivision’s definition of “school,” this section will apply to all public and private postsecondary institutions. The University of Minnesota is requested to comply.

Subd. 2. Prohibited practices. Prohibits a school from:

- 1) refusing to provide a transcript to a student who owes money to the school under certain conditions; or
- 2) charging a higher fee for a transcript because a student owes money to the school.

Section Description – Article 2: Higher Education Provisions

Subd. 3. Institutional policy. Requires schools that use transcript issuance as a tool for debt collection to have an accessible policy on the practice, and to strive to minimize their use of the practice.

2 Student transfer reporting.

Requires OHE to report summary data on students who withdraw from enrollment without completing a degree, including information about transfer to other institutions.

3 State grant program: assigned family responsibility.

Lowers the assigned family responsibility element of the state grant formula by one percentage point for independent students with and without dependents. This has the effect of raising state grant awards for those groups.

4 State grant program: eligibility for grants.

Updates terminology in existing law that extends state grant eligibility for a student who withdraws from school due to an illness: changing “major illness” to “serious health condition.” Expands the extension to students who withdraw in order to care for a spouse, child, or parent with a serious health condition.

5 State grant program: cost of attendance.

Increases the default amount of the living and miscellaneous expense (LME) allowance from 106 percent to 113 percent of the federal poverty guidelines for a one person household in Minnesota for nine months. This is the default amount if a specific LME allowance is not provided in law.

6 State grant program: awards.

A student is not eligible to receive a state grant award if the student has already obtained a baccalaureate degree or has been enrolled as an undergraduate full-time for eight semesters or the equivalent. This section provides that noncredit developmental education courses do not count towards that eight semester limit.

7 Child care grants: eligible students.

Removes the eligibility caps regarding enrollment, and instead caps eligibility for those who have received grant funds over ten semesters. Reduces the minimum enrollment requirement for undergraduate from six credits to one credit.

Also, updates terminology in existing law that extends child care grant eligibility for a student who withdraws from school due to an illness: changing “major illness” to “serious health condition.” Expands the extension to students who withdraw in order to care for a spouse, child, or parent with a serious health condition.

Section Description – Article 2: Higher Education Provisions

8 Child care grants: amount and length of grants.

Changes the maximum annual grant award for each eligible child to equal the applicant's maximum federal Pell Grant award. Ties grant award amounts to the applicant's expected family contribution under the federal needs analysis. Provides greater detail on calculating grant award amounts based on the number of undergraduate or graduate-level credits in which a recipient has enrolled.

9 Indian scholarships: student eligibility.

Expands eligibility to students who are enrolled in or citizens of a federally recognized or Canadian recognized tribe, regardless of ancestry or "blood quantum."

10 Indian scholarships: award amount.

Clarifies that specified award maximums are per academic year, and awards may be given for four quarters, three semesters, or the equivalent during the course of a single fiscal year.

11 Aspiring Minnesota teachers of color scholarship program.

This section establishes a new scholarship, administered by the Office of Higher Education (OHE), for people of color and American Indians enrolled in a teacher preparation program. The first scholarships would be awarded by November 1, 2021.

Imposes maximum (\$10,000) and minimum (\$1,000) annual scholarship award amounts. Requires award amounts to be prorated based on the students' enrollment.

Subd. 4. Administration. Addresses the application process. Requires awards to be paid out to the applicant's school after the school confirms information.

Subd. 1. Establishment. Establishes the program within OHE.

Subd. 2. Eligibility. Sets eligibility criteria for the grant. Recipients must be enrolled in an approved teacher preparation program at a higher education program, demonstrate financial need, be making satisfactory academic progress, and belong to a racial or ethnic group underrepresented in the state’s teacher workforce.

Subd. 3. Administration. Requires OHE to establish an application process and notify grant recipients by established deadlines. Requires OHE to determine grant amounts (up to \$7,500) based on available funding and number of applicants.

Subd. 4. Reporting. Requires annual legislative reports on the program, as well as regular interim reports posted online.

13 Teacher candidate grants in shortage areas.

Removes the underrepresented racial or ethnic group criteria for eligibility from this program, as this becomes its own separate program in section 12 of this article. Imposes new notification requirements for grant recipients. Adds an annual legislative report requirement, as well as regular interim reports posted online.

14 SELF Refi: Student loan refinancing.

Removes explicit monetary limitation on the SELF Refi program and gives OHE discretion to set limits based on the financial capacity and stability of the program. Increases the maximum loan available under the program from \$70,000 to \$250,000.

15 Dual training competency grants: program created.

This is a technical change to conform to the new definitions in section 16 of this article.

- 26 Private and out-of-state public institutions: Higher Learning Commission accredited institutions.**

- Subd. 2. Additional reporting.** Requires institutions to notify OHE when specified events occur.
