

Subject Helmets to Hard Hats Minnesota appropriation

Authors Frederick

Analyst Anna Scholin

Date March 15, 2021

Summary

This bill appropriates \$225,000 in fiscal year 2022 and the same amount in fiscal year 2023 from the workforce development fund for grants to the Construction Careers Foundation for the Helmets to Hard Hats Minnesota initiative, which gets active duty military and veterans into registered apprenticeship programs and connects them to career training and employment in the building and construction industry in a nondiscriminatory manner.

Prior omnibus laws appropriated \$200,000 each year in fiscal years 2018, 2019, 2020, and 2021 from the workforce development fund to the Construction Careers Foundation for the Helmets to Hard Hats Minnesota initiative.
