Date February 14, 2022

Overview

This bill expands MA adult dental coverage to medically necessary dental services. Under current law, MA covers medically necessary dental services for children and pregnant women, while dental coverage for adults who are not pregnant is limited to specific services listed in statute.

Summary

Section	Description
---------	-------------

1	Dental services.
---	-------------------------

	Amends § 256B.0625, subd. 9. The amendment to paragraph (a) states that MA covers medically necessary dental services, and strikes language that limits MA coverage of dental services for adults who are not pregnant to specific services. The amendment to paragraph (b) makes conforming changes and does not change coverage under current law.
