Summary

This bill appropriates \$100,000 in fiscal years 2023, 2024, and 2025 from the general fund to the commissioner of human services for a grant to Quality Parenting Initiative Minnesota. The bill specifies how grant funds must be used, including providing training and technical assistance to entities on conducting initial foster care phone calls, creating partnerships between birth and foster families, and supporting youth leadership and the participation of individuals with experience in the foster care system when developing child welfare practices.
