## Overview

This bill contains a variety of revisions to the state's criminal sexual conduct (CSC) statutes that are based on the recommendations of the legislatively created Criminal Sexual Conduct Statutory Reform Working Group.

## Summary

Section	Description
1	<b>Mentally incapacitated.</b> Modifies the definition of “mentally incapacitated” for purposes of the CSC statutes. The current definition posed a significant roadblock to prosecuting cases where complainants were intoxicated through voluntary consumption to the point where they could not give reasoned consent.
2	<b>Coercion.</b> Modifies the definition of “coercion” for purposes of the CSC statutes. Provides for the situation where the complainant may fear infliction of bodily harm by someone other than the actor, such as an accomplice.
3	<b>Significant relationship.</b> Modifies the definition of “significant relationship” for purposes of the CSC statutes so that the definition includes adults who were involved in a significant romantic or sexual relationship with a victim's parent.
4	<b>Prohibited occupational relationship.</b> Creates a newly defined term—“prohibited occupational relationship”—in the CSC statutes. The new term is intended to incorporate the many separate CSC offenses that are based on the perpetrator's occupational status.
