

Subject Notification of Wastewater Pollutant Discharges

Authors Edelson and Lee, F.

Analyst Janelle Taylor

Date February 17, 2023

Summary

This bill would require a publicly owned water treatment works or domestic sewer system owner to promptly notify the public and any downstream drinking water facility of a discharge of a pollutant. Requires the notice to be made using the most efficient communication system available. Requires signs to be posted at all impacted public use areas within the same jurisdiction or notice to be provided to the entity that has jurisdiction over the impacted area. Specifies requirements of the notice and requires the Pollution Control Agency to provide guidance on the methods and protocols for providing the required notice.
