

H.F. 2165

First engrossment

Subject Refrigerants
Authors Kraft and others
Analyst Anna Scholin
Date March 14, 2023

Summary

Prohibits using the State Building Code to bar or limit the use of refrigerants that federal law designates as acceptable to use, as long as the equipment that contains the refrigerant is listed and installed in full compliance with all applicable requirements, safety standards, and use conditions required by that federal designation.
