Section Description - Article 4: Early Learning Scholarships

Paragraph (c) directs the commissioner to establish a schedule of tiered per child scholarship amounts based on the results of the child care market rate survey and the cost of providing high-quality care and learning to children in different circumstances. Provides that, for programs that have a four-star Parent Aware rating, the amounts cannot be less than the cost of providing care at the 75th percentile of the most recent child care market rate survey, as adjusted for inflation.
