Subject Name Change Through Marriage; Felony Conviction

Analyst Mary Davis

Date March 17, 2023

Summary

This bill prevents a person who has a felony conviction on their record from changing their name through their marriage, instead it has them use the process in the existing name change statute, section 259.13, and allows the person to apply for that name change without paying a court filing fee if they file within 180 days of their court marriage.
