Date February 12, 2024

Summary

Under current law, a county auditor is authorized to designate temporary additional polling places for the purpose of administering absentee and early voting prior to election day. These additional locations may have days and hours of operation that differ from those provided at the county auditor's office.

This bill would require the county auditor to designate one of these additional polling places on the campus of a postsecondary institution, at the request of that institution. The designated location must be accessible to the public and operational for at least one day, at a location that is agreed upon by the institution.
