Date March 20, 2024

Summary

This bill would authorize counties to spend more than the current limit of \$3,500 annually for Memorial Day observances. It would also authorize counties to spend county funds on Veterans Day observances.

H.F. 3677 also would allow counties to award local veterans service organizations money to defray their costs to conduct Memorial Day and Veterans Day observances. Under current law, counties may award no more than \$300 to such organizations and only for Memorial Day observances.
