

**Subject** Mental Health Education

**Authors** Hassan and Others

**Analyst** Cristina Parra

**Date** March 8, 2024

## Summary

This bill requires school districts and charter schools to provide mental health instruction starting in the 2026-2027 school year. Under current law, districts and charter schools are encouraged to provide mental health instruction for students in grades 4 to 12 aligned with local health standards. The bill would change the encouragement to a requirement.
