

Subject Assisted living director qualifications

Authors Hemmingsen-Jaeger and others

Analyst Elisabeth Klarqvist

Date March 18, 2024

## Overview

This bill modifies the qualification requirements for licensure as an assisted living director.

## Summary

Section	Description
---------	-------------

- |   |   |
|---|---|
| 1 | <p><b>Assisted living director qualifications; ongoing training.</b></p> <p>Amends § 144A.20, subd. 4. Requires an individual applying for a license as an assisted living director to apply within 30 days of hire rather than within six months of hire as in current law, and strikes language allowing an applicant to complete assisted living director training within one year of hire (with this change, an applicant for licensure must meet the training requirements when the applicant applies). Specifies a nursing home administrator seeking an assisted living director license must be licensed as a nursing home administrator in Minnesota. Strikes obsolete language. Requires an assisted living director to receive at least 30 hours of continuing education, rather than training, every two years.</p> |
