

H.F. 4625
As Introduced

Subject Nitrogen Fertilizer

Authors Hansen, R. and Others

**Analyst Colbey Sullivan** 

Date March 11, 2024

## **Summary**

This bill would establish a goal that by January 1, 2030, state agencies will reduce their purchase of nitrogen fertilizer by 25 percent. Each year, the Minnesota Pollution Control Agency would report to the legislature the amount of nitrogen fertilizer purchased by state agencies and strategies for achieving this nitrogen fertilizer reduction goal.
