Overview

This bill includes miscellaneous policy changes related to the Department of Administration, and updates a reference related to distribution of revenue from the motor vehicle lease sales tax.

Article 1: Department of Administration

Section Description – Article 1: Department of Administration

- 1 State building renewable energy; storage; electric vehicle account.**

Establishes a state building renewable energy, storage, and electric vehicle account in the special revenue fund. The purpose of the account is to provide funds to state agencies for renewable energy improvement and renewable energy storage projects at state buildings; purchase state fleet electric vehicles; purchase and install electric vehicle service equipment; and carry out other management projects directed by the commissioner of administration.

A number of structural and administrative details related to the account are provided, including definitions, and authority for the commissioner of administration to apply for, receive, and spend money made available from federal, state, and other sources.
- 2 Grant agreement.**

Clarifies that any capital project grant subject to the capital project cancellation statute is exempt from Office of Grants Management grant policies. This is consistent with the treatment of capital project grants funded with state general obligation bond proceeds and capital project grants to political subdivisions.
- 3 Limitation.**

Clarifies that any capital project grant subject to the capital project cancellation statute is exempt from Office of Grants Management grant policies. This is consistent with the treatment of capital project grants funded with state general obligation bond proceeds and capital project grants to political subdivisions.
