Overview

This bill modifies grant awards for the Homeless Youth Act; appropriates money for several homeless services programs, including emergency services grants, the Homeless Youth Act, and transitional housing; and appropriates \$150 million for emergency shelter facilities. The bill also includes a section that states this act shall be known as the “Pathway Home Act.”

Emergency services grants provide homeless persons essential services and emergency shelter. These grants are awarded on a competitive basis and provide emergency shelter, motel vouchers, day shelter, and essential services to children, unaccompanied youth, single adults, and families who are experiencing homelessness.

The Homeless Youth Act provides services to people who are 24 years of age or younger who are unaccompanied by a parent or guardian and without shelter where appropriate care and supervision are available, whose parent is unable or unwilling to provide shelter and care, or who lack a fixed, regular, and adequate nighttime residence.

The transitional housing programs provide housing for a homeless person or family at a rental rate of 25% of family income for a period of up to 36 months. Transitional housing may also include up to six months of follow-up support services for persons who complete transitional housing as they stabilize in permanent housing.

Section **Description**

Subd. 1. Definitions. Defines the terms “commissioner,” “eligible applicant,” and “emergency shelter facility.”

Subd. 2. Appropriation. Appropriates \$150 million in fiscal year 2024 from the general fund to the commissioner of human services for grants to eligible applicants for the acquisition of property, site preparation, predesign, design, construction, renovation, furnishing, and equipping of emergency shelter facilities.

Sets aside an unspecified amount of the appropriation for administrative costs.

Sets aside up to \$4 million of the appropriation for the Simpson Housing Services shelter in Minneapolis.

Subd. 3. Project criteria. Requires the commissioner to prioritize grants for projects that improve or expand emergency shelter facility options.

Limits grant to up to \$10 million per project.

Requires all projects funded with an emergency shelter facility grant to meet all applicable state and local building codes at the time of project completion.

Requires the commissioner to use a competitive request for proposal process to identify potential projects and eligible applicants on a statewide basis. Requires at least 40% of grant funds to be awarded to projects in greater Minnesota.

Specifies this is a onetime appropriation and is available until June 30, 2028.

Provides a July 1, 2023, effective date.
