Overview

This bill would eliminate the shotgun use area (“shotgun zone”), a specified area that includes the southern and western portion of the state where restrictions on the type of firearms that may be used during the regular firearms deer season apply.

Summary

Section	Description
1	Regular firearms deer season. States that any legal firearm, which would include a rifle, may be used statewide during the regular firearms deer season.
2	Repealer. Repeals the “shotgun zone” which requires only legal shotguns loaded with single-slug shotgun shells, legal muzzleloading long guns, or legal handguns to be used during the regular firearms deer season in a specified area that includes the southern and western portion of the state.
