Date March 4, 2025

Summary

This bill would modify the definition of an all-terrain vehicle (ATV). Under current law, an ATV must have no more than six low-pressure or non-pneumatic (airless) tires and meet certain weight and width restrictions. This bill would remove the requirement that the tires be low-pressure or non-pneumatic and increase the maximum weight limit from 2,000 pounds to 3,000 pounds.
