	two hours of training in understanding and mitigating the risk of job-related critical illnesses and emotional trauma. (Current law suggests that the two hours of training must be provided annually to each firefighter.) [H.F. 1163]
8	Legislative report on Fusion Center activities. Requires the annual report on Fusion Center activities to include the number of tips received through the Department of Public Safety’s anonymous threat reporting system, and the number of active shooter incident reports received from school districts, a summary of the reports, and the number of reports that were converted into Bureau of Criminal Apprehension case files, referred to the Federal Bureau of Investigation, or were referred to local law enforcement agencies. [H.F. 1901]
9	Definitions. Adds persons with dementia, a traumatic brain injury, Alzheimer’s disease, or other cognitive impairments to the scope of the missing and endangered persons program. If someone with one of the noted conditions goes missing and law enforcement believes they are at risk of physical injury or death, an alert shall be issued. Describes the process for a background check. [H.F. 286]
11	Reporting. Amends a subdivision requiring certain public data regarding officer-involved death investigations to be posted on the BCA’s website. [H.F. 1354]
12	Competency of witnesses. Prohibits a domestic abuse advocate from disclosing any opinion or information about a victim that the advocate acquired in the advocate’s professional capacity unless the victim consents to the disclosure. Makes clarifying, technical, and conforming changes in the statute requiring that victims receive notice of certain rights, including information about the address confidentiality program. Authorizes certain notifications to be provided in an electronic form, updates references to the Minnesota Crime Victims Reimbursement Program, specifies that notice about the right to reimbursement must include information on how to apply, clarifies the right of victims to be notified when an offender is charged, and specifies that notice to certain victims must include specific resources. Clarifies that the notice provided when an offender is a juvenile is supplemental to other notices. [H.F. 1998]
