

**Subject** Allowing housing and redevelopment authorities to establish local housing trust funds

**Authors** Kozlowski and others

**Analyst** Justin Cope

**Date** March 3, 2025

## Summary

The state allows cities and counties to establish local housing trust funds. These local governments can deposit money in these local housing trust funds and use them for various housing purposes.

This bill would modify the definition of “local government” for the purposes of the local housing trust fund statute so that the definition included housing and redevelopment authorities. This change would allow housing and redevelopment authorities to establish local housing trust funds.
