Date March 10, 2025

Overview

This bill expands the types of experiences that districts may count toward the minimum hours of instruction for secondary school students.

Summary

Section	Description
---------	-------------

- | | |
|---|--|
| 1 | <p>Hours of instruction. [Length of school year; hours of instruction]</p> <p>Allows a district to include in hours of instruction for secondary school students experiences that allow students to earn academic credit, are available to all students, and are supervised, coordinated, and verified by a qualified teacher. Allows the experiences to occur outside the regular school day and week. Requires the Department of Education to review its policies to ensure they do not constrain districts from providing students opportunities under this section. Provides that expansion of hours of instruction does not modify pupil units or provide additional pupil units for educational experiences allowed under this section.</p> |
