This section establishes land use requirements and procedures for municipalities.

Subd. 1. Definitions. Defines the following terms for the purposes of the section: “accessory dwelling unit,” “applicant,” “duplex,” “minimum parking mandate,” “request,” “residential unit,” “single-family dwelling,” and “townhouse.”

Subd. 2. Residential housing types authorized. Requires single-family dwellings and duplexes to be a permitted use in any zoning district that permits a residential use. Accessory dwelling units and townhouses are a permitted use in residential zoning districts, with some conditions. Requires compliance with standards, performance conditions, or requirements imposed for the general welfare. Clarifies that residential development prohibited by state or federal law or rule protecting certain environmental or historic areas is not authorized by this section.

Subd. 3. Required standards. Provides a number of standards and limitations to the residential buildings permitted under subdivision 2, including minimum lot sizes, the number of residential units authorized on a lot, setback maximums, aesthetic requirement restrictions, minimum parking prohibitions, and homeowners association limitations.

Subd. 4. Administrative approvals. Requires a municipality to establish and follow an administrative process for residential development authorized by the
