Overview

This bill modifies provisions governing the creation and termination of authority for site-governed schools. It requires that the agreement between a school board and site council contain specific provisions and limits the grounds on which a board can terminate the site-governed school's authority.

Summary

| Section | Description |
|---------|-------------|
|---------|-------------|

| | |
|---|--|
| 1 | District-created site-governed schools. |
|---|--|

Subd. 1. Authority. Modifies requirements for proposal for a site-governed school. Requires proposal to include a site-governed school's agreement and proposed memorandum of understanding, if applicable. Adds requirements for the agreement between the district and the site council. Requires initial agreement to have a term of three years and provides for automatic renewal for five years if the school site substantially meets specified performance expectations.

Subd. 2. Roles and responsibilities of site-governed schools. Requires agreement to provide how members of site-governing council are selected. Modifies selection process for school staff.

Subd. 3. Revenue to self-governed school. Requires agreement between school board and site council to provide how revenue is allocated to the school site. Strikes requirement that agreement include administrative fee.

Subd. 4. Board termination of self-governed school authority. Limits school board authority to terminate self-governed school authority.
