

Subject Higher education: regent election

Authors Allen and Rarick

Analyst Nathan Hopkins

Date March 25, 2026

Summary

This bill would restrict the governor's ability to appoint a person to fill a vacant seat on the University of Minnesota's Board of Regents. It requires that, if the legislature fails to elect a person to fill a vacancy, but the joint legislative committee did meet to recommend candidates to the joint convention of the legislature, then the governor may only appoint a candidate recommended by the joint legislative committee.

For additional information about the laws and procedures that apply to the election of regents generally, see <https://www.house.mn.gov/hrd/pubs/ss/ssumreg.pdf>.
