Date March 25, 2026

Overview

This bill creates and funds the home-grown events economic catalyst program to make competitive grants that boost the economic development impact of annual home-grown athletic and recreational public events.

Summary

Section Description

- [116J.618] Home-grown events economic catalyst program.**
Creates a competitive grant program to fund enhancing or expanding home-grown annual athletic or recreational public events in ways that maximize their positive impact on local economic development. Provides for grantmaking procedures, award criteria, performance metrics, and annual reports to the legislature.
- Appropriation.**
Makes a blank fiscal year 2027 appropriation to the home-grown events economic catalyst program.
