

**Subject** Use of private residential pool for certified swimming class

**Authors** Schultz

**Analyst** Elisabeth Klarqvist

**Date** April 10, 2026

## Overview

The definition of private residential pool in rules specifies that a private residential pool is not a pool used as part of a business. This bill creates an exception to this general rule and allows a private residential pool to be used to conduct a certified swimming class for paying guests of the pool's owner, if certain requirements are met.

## Summary

Section	Description
---------	-------------

- |   |   |
|---|---|
| 1 | <b>Private residential pool used for certified swimming classes.</b><br>Adds subd. 2e to § 144.1222.
