## Overview

As amended, this bill would establish an Office of the Inspector General (OIG) in the legislative branch. The Legislative Audit Commission would oversee both the OIG and the Office of the Legislative Auditor (OLA) and ensure that the work of these offices is complementary, not duplicative.

The OIG would investigate and combat fraud, waste, and abuse in state government and oversee state grantmaking policies. The bill would abolish existing executive branch duties in these areas and transfer them to the new OIG. Among other things, the OIG would embed staff within seven state agencies, develop and maintain a fraud reporting website and hotline, conduct investigations, and report suspected fraud to law enforcement.

## Article 1: Office of the Inspector General

This article establishes the OIG and its duties and powers. It also requires the leaders of executive branch agencies to report credible evidence of fraud or other misuse of public funds to OIG, OLA, and law enforcement, and, if approved or directed by law enforcement, stop payment, increase oversight, or take other action necessary to prevent further fraud or misuse.

Section	Description – Article 1: Office of the Inspector General
1	<b>Policy.</b> Modifies legislative policy for the Legislative Audit Commission (LAC). States that fraud, waste, and abuse are unacceptable in public programs and must be prevented, and if fraud occurs it must be identified and fully prosecuted. (Background: in existence since 1973, the Legislative Audit Commission consists of six representatives, three from each party, and six senators, three from each party.)
2	<b>Complementary.</b> Requires the LAC to ensure that the work of the OIG is complementary to, and not duplicative of, that of the Office of the Legislative Auditor.

**Subd. 3. Inspector general appointment; term.** Requires the LAC to appoint an inspector general for a six-year term and prohibits the commission removing the inspector general before the term expires, except for cause and after a public hearing. Requires the inspector general to be certified by the national Association of Inspectors General.

**8 Duties.**

Assigns the inspector general several duties, including embedding staff within seven named executive branch departments, overseeing state grantmaking, maintaining a fraud reporting website and hotline, coordinating with the legislative auditor, and reporting suspected fraud to law enforcement. Empowers OIG to, in consultation with law enforcement, impose or require state agencies to impose appropriate temporary sanctions such as withholding payment to a recipient of state funds under certain specified circumstances.
- 10     **Data practices.**  
Provides the OIG with access to all government data regardless of classification, but subjects the OIG to the Government Data Practices Act and requires OIG to protect not public data in the OIG's possession from unlawful disclosure. States that members of the LAC are liable for unauthorized use of public data provided to the LAC by the OIG. Prohibits the LAC from authorizing its members to gain access to private tax data on individuals.
- 11     **Retaliation prohibited.**  
Provides that any employee or other individual who discloses information about fraud, waste, or abuse in state programs is protected under the state whistleblower act from dismissal or other retaliation by their employer.
