Date February 28, 2025

Overview

Current Minnesota law authorizes cities and counties to conduct a background check that includes records within the state. This bill authorizes cities and counties to conduct a background check that includes the national database for applications for a license to operate an adult entertainment establishment or license to provide massage services.

Summary

| Section | Description |
|---------|---|
| 1 | Definitions. Defines the term “applicant for licensure” to refer to applications to operate an adult entertainment establishment or business providing massage services. |
| 2 | Background check authorized. Authorizes counties and cities to investigate the background of applicants for certain licenses. Specifically authorizes a check of national criminal records. Describes the process for a background check. |
