

Aid Losses to First Class Cities under HF 2034

H.F. 2034, beginning with aids payable in 2015, limits aid payments to first class cities to a per capita amount equal to the average per capita aid payment to all other cities for that year. The average per capita LGA payment to all cities, except first class cities, is \$96.54 for aids payable in 2015, and \$96.14 for aids payable in 2016.

There are only four first class cities in the state. The table below shows the aid reductions for aids payable in 2015 and 2016 to those cities.
