

# Proposed COVID-19 to towns with a population of 500 or more

May 12, 2020

Run: towncovidaid

## Summary

The attached run shows the distribution of \$16,255,625 in COVID aid to towns in Pay 2020 under the House proposal. The House is proposing sharing a little more than \$667 million of its Federal COVID-19 aid with local governments. The \$667 million is distributed as follows:

- Roughly 15% or \$100 million of the total is reserved for grants to individual local governments based on applications
- The remaining \$567 million is distributed via formula, with 45% of this amount (\$255 million) to cities and towns with a 2018 population of 500 or more; and 55% going to counties that do not qualify for individual federal aid ( all counties except Hennepin and Ramsey counties).

Aid to towns with a population of 500 or more is set at a straight \$25 per capita, with the remaining city/town amount distributed to cities. The attached run only includes towns with a population of 500 or more and the results are shown on a county by county basis.
